# ENHANCE THE ENTIRE EXPERIENCE

HARMAN Professional Solutions offers complete audio, video, and lighting solutions that make an impact and communicate effectively with guests. HARMAN technologies provide crisp and clear audio for background music and public announcements alike, while enhancing the experience with dynamic lighting and network-based video distribution, for a stunning visual experience that is easy to scale and manage.

## CINEMA

### See. Hear. Learn.

Museum cinemas provide provocative and engaging learning experiences that enthrall visitors with stunning sights and sounds. Drawing from over 75 years of experience designing cinema audio solutions, HARMAN offers a moviegoing experience that pins audiences to their seats.

## EXHIBITION

### A Dynamic and Educational Experience

Museum exhibits are specially-crafted informational displays that are designed to excite visitors and engage them in unique learning experiences. HARMAN's wide range of integrated audio, video, and lighting products offer museum operators a holistic and impactful solution.

## EXTERIOR

### The Ultimate Statement

A building's exterior makes a lasting statement, impacting guests before they even walk through the door. HARMAN architectural lighting solutions turn the outside of the building into a work of art, creating a signature experience.

## RESTAURANT

### Dining to Remember

The museum restaurant allows guests to enjoy food or drink without needing to leave the venue. HARMAN solutions craft the perfect experience that engages guests with background music, television, lighting and more that can be easily themed to provide the perfect dining experience.

## LOBBY

### A Great First Impression

The technology in museum lobbies allows museum operators to craft a unique experience. HARMAN digital signage informs and excites guests while architectural lighting and background music sets the perfect mood.

## RETAIL

### Attract and Engage

The perfect retail store solution draws a customer in and encourages them to learn more. HARMAN architectural lighting, digital signage, and background audio technologies engage customers with innovation and style.
