CREATING THE PERFECT eSPORTS EXPERIENCE

HARMAN Professional has everything needed to support the wide range of esports venue requirements. From delivering a complete audio, video, and lighting competition experience to ensuring impeccable guest experiences throughout the building, HARMAN has the ideal esports solution for every venue.

EXTERIOR

Changing The City Skyline

An esports stadium or arena exterior makes a lasting statement, permanently changing the city skyline and impacting gamers & guests long before they even walk through the door. HARMAN architectural lighting and media façade solutions transform buildings into powerful performance and entertainment centers.

SUITES

True VIP Treatment

Suites are where esports stadiums and arenas cater to their VIP clients. HARMAN's innovative suite solutions envelop visitors with a luxurious ambience of integrated touch panels for on demand services and the best audiovisual and lighting experiences to entertain and excite friends, families and clients.

FLOOR / STAGES

Where the Action Is

The floor and its showcase stages anchor the action in any esports venue. With legendary and industry leading audio, video, and dynamic lighting solutions, HARMAN has the experience to capture, illuminate, and deliver the action to ensure players and in-game activity can be seen and heard from any seat in the house.

TRAINING ROOMS / BACKSTAGE

Warm-Up and Stay Informed

Training rooms and backstage areas allow players to practice, rest, and reconnect before and after competition. With HARMAN audio solutions, video distribution, and signage solutions, venue owners can provide players with an engaging atmosphere they'll look forward to re-experience.

OUTSIDE BROADCAST TRUCK

Flexibility and Adaptability

The broadcast world is ever-changing, whether due to an esports event moving to a new city or due to shifts in the technology landscape itself. HARMAN's OB truck technologies provide the ultimate in flexibility and future-proofing to ensure the perfect broadcast solution for any situation.

CONCOURSE / RETAIL SHOPS / RESTROOMS

Maximizing Venue ROI

Each guest will spend a significant amount of time traversing the concourse visiting retail shops and restrooms. HARMAN's technology solutions engage guests with background music, visuals, and lighting to set a tone that ensures they stay longer and return again and again.

FRONT OF HOUSE / OFF-STAGE

Simplified Audiovisual and Lighting Management

The world's biggest performers trust HARMAN sound mixing, video distribution, and lighting control technology show after show. They know only HARMAN can deliver the level of consistent and reliable support they demand to guarantee show-stopping competitions, night after night.

RESTAURANTS / BARS / GAMING STATIONS

Keep Your Guests Engaged

Restaurants, bars, and gaming stations offer visitors the ability to enjoy food, drink, conversation, and gaming in between events without needing to leave the venue. HARMAN has a range of solutions designed to showcase menus, entertain guests, deliver information and cross- and up-sell food, beverages and merchandise to support guests and drive additional revenue.

BROADCAST CONTROL ROOM

Capture and Broadcast

Capturing and broadcasting esports competitions is often just as important as execution of live views, requiring operators and equipment to make changes and adjustments very quickly. With HARMAN's Studer all-in-one consoles and routing solutions, broadcasts can be live streamed via Twitch or other on- or off-line platforms.
